

Gulf Type Examination Certificate

Type Certificate Number: UK-GSO-0000353R5

Certificate Expiry Date: 25 November 2022

Notified Body 0016 certifies that this Electrical Equipment has been found to comply with the essential requirements of the safety objectives and the requirements of the electromagnetic compatibility of the Gulf Technical Regulation on Low Voltage Electrical Equipment and Appliances BD-142004-01 list (2) subjected to the Conformity Assessment Procedure set out in Annex (4).

Applicant:	VIMAR S.p.a. Viale Vicenza 14, Marostica (VI), 36063, ITALY
Manufacturer:	Same as Applicant
Manufacturing Location:	Flaro Prod SA Raului 33 550109 Sibiu ROMANIA
Country of Origin:	ROMANIA
Product:	Socket-outlet
Brand:	VIMAR
Model / Type Ref:	PLANA: 14221, 14221.SL, 14221.L, 14221.L.SL EIKON: 20221, 20221.B, 20221.N, 20221.L, 20221.L.B, 20221.L.N ARKÉ: 19221, 19221.B, 19221.M, 19221.L, 19221.L.B, 19221.L.M
Technical Data / Ratings:	250VAC, 50-60Hz, 13A
Product dimensions	83 mm x 83 mm x 30 mm
Product Complies with Standards:	BS 1363-2:2016 + A1:2018, SASO 2203:2018
Test Report	180701303SHA-001 dated 22 October 2018
National Deviations Checked:	Kingdom of Saudi Arabia, United Arab Emirates, Sultanate of Oman, Kingdom of Bahrain, State of Qatar, State of Kuwait, Republic of Yemen
Limitations:	None
Issuing Notified Body:	Intertek Testing & Certification Ltd, Cleeve Road, Leatherhead, KT22 7SA, United Kingdom

Certification Officer

Issue Date: 21 June 2021

0016-1552

This certificate:

- applies only to the product(s) submitted and as detailed in the Technical Construction File (TCF).
- does not imply that the Notified Body has performed any surveillance or control of the manufacture(s).
- replaces certificate UK-GS)-0000353R4 dated 12 December 2019. The new certificate has been issued due to: change of manufacturing location and revision of standards
- see Certificate Revision History on Page 2 for details.

This Certificate is for the exclusive use of Intertek's client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Certificate. Only the Client is authorized to permit copying or distribution of this Certificate. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test/inspection results referenced in this Certificate are relevant only to the sample tested/inspected. This Certificate by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

Annex 1 to Gulf Type Examination Certificate: UK-GSO-0000353R5
Notified Body: 0016

The manufacturer(s):

- shall ensure the manufacturing process assures compliance of production of the examined products covered by this certificate.
- shall inform the Notified Body of any modifications made to the examined product; this may lead to additional approval work resulting in cancellation, amendment and/or reissuance of this Gulf Type Examination Certificate.

List of the Gulf Type Examination technical documentation prepared by the manufacturer which is retained by the Notified Body in the Technical Construction File (TCF):

- Trade mark, model or reference of the equipment
- General description and operation of the equipment
- Leaflet, use instructions, copy of warnings
- Detailed description with conceptual design and manufacturing drawings, including:
- List of components, materials, sub-assemblies and circuits
- Explanations necessary for the understanding of the above
- Address of place(s) of manufacturer & storage
- List of the Gulf standards, if any, applied in full or in part, and descriptions of the solutions adopted to meet the essential requirements of the regulation where the Gulf standards have not been fully applied (risk assessment, proposed solutions)
- Results of design calculations made, examinations carried out, etc.
- Test reports or test certificates from in-house laboratory belonging to the manufacturer, if any
- Documentation of the solutions adopted by the manufacturer to ensure conformity of the production with the product specified in this certificate
- Description of the conformity assessment procedure followed
